

Product Description:

- Product Name: Ethylene Glycol Monostearate (EGMS)

Key Features:

- Versatile Emulsifier and Thickener
- Rich Moisturizer and Emollient
- Foam Booster and Stabilizer
- Opacifying Agent
- Multifunctional Ingredient

Applications:

- Body Lotions and Creams
- Hair Care Products
- Soaps and Cleansers
- Makeup
- Deodorants and Antiperspirants

Guidelines for Use:

- EGMS typically requires heating to melt into oil phases before incorporating it into water phases.
- The recommended usage rate varies depending on the desired viscosity, moisturization level, and application, typically ranging from 1% to 5%.
- Adjust the pH of your formula to around 7 for optimal performance.
- EGMS is compatible with a wide range of ingredients, but compatibility testing is always recommended.
- Store in a cool, dry place away from direct sunlight.

Compliance:

- Our Ethylene Glycol Monostearate (EGMS) adheres to international safety and quality standards for cosmetic applications.
- It is free from harsh chemicals, irritants, and harmful substances.

***Certifications:** Non-GMO/Kosher
