## Product Description:

- Product Name: Glycerol Monostearate (GMS)
- INCI Name: Glyceryl Stearate
- CAS No.: 68389-56-1

## Key Features:

- Emulsifier and thickener
- Moisturizer and emollient
- Foam booster and stabilizer
- Versatility
- Safe and gentle

## Applications:

- Lotions and creams
- Hair care products
- Soaps and cleansers
- Makeup
- Deodorants and antiperspirants

## Guidelines for Use:

- GMS typically requires heating to melt into oil phases before incorporating it into water phases.
- The recommended usage rate varies depending on the desired viscosity and application, typically ranging from 1% to 5%.
- Adjust the pH of your formula to around 7 for optimal performance.
- GMS is compatible with a wide range of ingredients, but compatibility testing is always recommended.

## Compliance:

- Our Glycerol Monostearate (GMS) adheres to international safety and quality standards for cosmetic applications.
- It is free of harsh chemicals, irritants, and harmful substances.

**Certifications:** Non-GMO/Kosher
