

### Product Description:

- Product Name: PEG-7 Glyceryl Cocoate

### Key Features:

- Versatile Emollient
- Effective Surfactant
- Mild Formulation
- Compatibility
- Ease of Incorporation

### Applications:

- Cleansers and Face Washes
- Shampoos and Conditioners
- Bath Products
- Personal Care Wipes

### Guidelines for Use:

- Incorporate into formulations based on desired emollient and surfactant properties.
- Suitable for a range of personal care products requiring mildness.
- Complement with other ingredients for enhanced performance and customization.

### Compliance:

- Our PEG-7 Glyceryl Cocoate complies with international safety and quality standards for personal care applications.
- Rigorous refining processes ensure purity and quality, meeting the demands of cosmetic formulations.

\***Certifications:** Non-GMO/Kosher
