

Product Description:

- Product Name: Stearyl Alcohol C1898

Key Features:

- Versatile Thickener and Stabilizer
- Emollient and Conditioner
- Opacifying Agent
- Penetration Enhancer
- Multifunctional Ingredient

Applications:

- Body Lotions and Creams
- Hair Care Products
- Shaving Creams and Foams
- Sunscreens and Lotions
- Makeup Removers and Cleansers

Guidelines for Use:

- Stearyl Alcohol C1898 typically requires heating to melt into oil phases before incorporating it into water phases.
- The recommended usage rate varies depending on the desired viscosity, opacity, and application, typically ranging from 1% to 5%.
- It is generally well-tolerated by most skin types, but patch testing is recommended before use on sensitive skin.
- Store in a cool, dry place away from direct sunlight.

Compliance:

- Our Stearyl Alcohol C1898 adheres to international safety and quality standards for cosmetic applications.
- It is free from harsh chemicals and irritants, making it suitable for most skin types.

***Certifications:** Non-GMO/Kosher
