

### Product Description:

- Product Name: Xylitol (10-30 Mesh)
- INCI Name: Xylitol
- CAS No: 87-99-0

### Key Features:

- Natural Sweetener
- Low Calorie
- Dental Health Benefits
- Similar Sweetness to Sucrose
- Suitable for Diabetics

**Applications:** Suitable for a wide range of food and beverage applications, including:

- Chewing Gums and Mints
- Sugar-Free Confections
- Baked Goods
- Beverages
- Dairy Products

### Guidelines for Use:

Xylitol (10-30 Mesh) is a natural sugar substitute derived from birch bark or corn cobs. It provides sweetness similar to sucrose with a pleasant cooling effect and is known for its dental benefits. The granular form is versatile for various food and beverage applications.

- **Sweetening Power:** Xylitol has a sweetness similar to sucrose. Adjust the quantity based on desired sweetness level.
- **Dental Health:** Xylitol is known for its tooth-friendly properties and is often used in oral care products.
- **Baking Stability:** Xylitol is heat-stable, making it suitable for baking and cooking applications.

**Compliance:** Our Xylitol complies with international food safety standards, meeting regulatory requirements for quality and purity.

\***Certifications:** Food Grade/Kosher
