

Product Description:

- Product Name: Decyl Glucoside
- INCI Name: Decyl Glucoside

Key Features:

- Gentle Surfactant
- Plant-Derived
- Biodegradable

Applications:

- Personal Care Products
- Household Cleaners

Guidelines for Use:

Decyl Glucoside is a versatile and eco-friendly choice.

- **Cleansing:** Utilize as a primary surfactant for its mild cleansing properties in personal care and household cleaning formulations.
- **Sustainability:** Incorporate into formulations promoting eco-friendly and biodegradable solutions.

Compliance:

Our Decyl Glucoside adheres to international safety and environmental standards, ensuring a sustainable and high-quality solution for personal care and household cleaning applications.

***Certifications:** Non-GMO/Kosher
