

Product Description:

- Product Name: DiPropylene Glycol (DiPG)
- INCI Name: DiPropylene Glycol

Key Features:

- Versatile Solvent
- High Purity
- Multipurpose Application

Applications:

- Industrial Solvent
- Personal Care Formulations

Guidelines for Use:

DiPropylene Glycol (DiPG) is a reliable solvent with versatile applications. It finds use in various industrial processes and personal care formulations, providing high purity and effective performance. Our DiPropylene Glycol (DiPG) complies with international safety standards, ensuring a secure and high-quality solution for industrial and personal care applications.

***Certifications:** Non-GMO/Kosher
