- Antimicrobial and antifungal properties
- Insect repellent
- Soothing and calming
- Pain relief
- Digestive support

Applications:

- Aromatherapy
- Natural cleaning
- Insect repellent
- Skin care

Guidelines for Use:

Lemongrass essential oil is highly concentrated and should never be used undiluted on the skin.

- Always dilute it in a carrier oil like jojoba or almond oil before topical application.
- Perform a patch test on a small area of skin before using it extensively.
- Pregnant and breastfeeding women should consult with their healthcare provider before using lemongrass oil.
- Do not ingest lemongrass essential oil.

Compliance:

- Our Lemongrass Essential Oil is sourced from sustainable farms and adheres to international safety and quality standards. It is free of adulterants and harmful substances.

***Certifications:** Non-GMO/Kosher
