

## Product Description:

- Product Name: Soda Ash (Sodium Carbonate)
- INCI Name: Sodium Carbonate

## Key Features:

- Versatile Alkaline Substance
- High Purity
- Multipurpose Application

## Applications:

- Manufacturing
- Cleaning Products

## Guidelines for Use:

Soda Ash (Sodium Carbonate) provides effective alkalinity and is essential in numerous industrial applications.

- **pH Adjustment:** Utilize for pH adjustment in processes requiring alkalinity.
- **Manufacturing Processes:** Incorporate into manufacturing processes, ensuring quality and efficiency.

## Compliance:

Our Soda Ash (Sodium Carbonate) complies with international safety standards, ensuring a secure and high-quality solution for your manufacturing, cleaning, and water treatment applications.

\***Certifications:** Non-GMO/Kosher
